

TS 5c 2017 Annual Meeting Summary

Meeting Date: Monday, August 7, 2017

Items approved by the TS for TS/Subcommittee/Concurrent Ballot

Standard Designation	Summary of Proposed Changes	TS Only, Subcommittee Only or Concurrent? (TS / S / C)
R16	Discontinue standard. Standard contains numerous references to NIOSH and OSHA which may not be up to date, nor do we control if/when future changes may occur. Users should directly reference NIOSH or OSHA.	Subcommittee
R25	This standard contains a lot of non-mandatory information. Negative TS ballots have been addressed by clearing up misinterpretation by adding notes.	Subcommittee
R34	Discussion at meeting to delete, divide into eleven separate test methods or reconfirm as is. TS vote to reconfirm as is.	Reconfirmation
PP80	Updated and editorial TS Comments addressed	Subcommittee
PP81	Updated and editorial TS Comments addressed	Subcommittee
R 18	Changes suggested by WAQTC* Brian Johnson has document to be balloted.	Concurrent

New Task Forces Formed:

Task Force Name	Summary of Task	Names of TF Members
R42 Update	Update R42 Developing a QA Plan for HMA	FHWA, Maine, Virginia, Connecticut, Texas and Kansas

Research Liaison: Rick Bradbury

Other Action Items:

Three new Provisionals for consideration in coming year: Data Standard for PMPT and IC, Pavement Dielectric Measurements (Rolling Density Meter) and Constant Mass from WAQTC.
