TECHNICAL SECTION 3C **HARDENED CONCRETE**

- I. Call to Order and Opening Remarks**
 - Chair: Steve Krebs
- II. Roll Call- refer to attached spreadsheet**
- III. Approval of Technical Section Minutes**
 - Wednesday August 5, 2015 meeting minutes attached; (Attachment #1).
 - PennDOT: Page 3 of 8, item 5 AASHT T24: exchanged correspondence with Andy. Andy said a work group would be formed to discuss this item. Bob Horwhat did not offer to revise AASHTO T24. He is willing to join the work group. Steve will revise the minutes to reflect this. A lead is needed for this task force.
 - Michigan DOT: Page 5, item 8. Simplified method for ASR. It indicates the report will be in meeting minutes. John was unable to access the report. Steve will ask Andy for this report and he will attach it to the minutes. The webinar was unable to be done in September. The webinar will be held in January 2016. Steve will send a few dates to Evan that work for both him and Andy.
 - Motion to accept minutes with these proposed changes: Michigan, seconded by New Jersey. All were in favor.
- IV. Old Business**
 - A. SOM Ballot Items discussions.
 - None of the ballots for 3C passed in rolling ballot 1.
 - The tech section ballot did not pass because 2/3 of the tech section did not vote. This negated the full ballot. We will need to reballoted through the tech section and then move the standards to the full SOM ballot. These standards will be on next year's rolling ballot (September). 18 votes are needed to pass. Evan will open the ballot for a week to see if we can get more votes. Steve will send out an email to the TS members reminding them to vote.
