**Other Action Items:**

- 1.) The NTPEP TC leadership will review the standard and revise the units for the Chair to review. Ensure the AASHTO standards aligns with the NTPEP EBB work plan. This will be completed prior to this TS's next mid-year webinar. (related to Task Force 2006-01 – M 251)
- 2.) Task Force 2006-03- Chair will set up call to make sure things continue to move forward.
- 3.) Task Force 2015-01 – M 288-The Chair will schedule a call to reconvene this task force in the near future.
- 4.) Email from Jim Goddard (Consultant) dated August 2, 2017 with subject "AASHTO M288 Revisions" proposing revisions to include "circular knitted geotextile fabrics" being used as pipe envelopes (Attachment 8). Action Item: MS recommends surveying the states to see if there is a lot of interest in having this TS pursue this.

5.) 3. Email Inquiry on M 230, Expanded and Extruded Foam Board (Polystyrene). Chair and Vice-Chair reviewed and responded to inquiry, but there may need to be revisions to M 230 (Attachment 9). Action Item: The Chair would like the SOM consultants to look into this further. The Chair will also survey the states to see if there is a high level of usage for this product.
